Cold Outbound & Sales Specialists	Cold Email Specialist, Lead Gen Consultant, SDR Lead, Head of Sales	Facebook / LinkedIn	High bounce rates (>5%), burned domain reputations, low open rates on unverified lists.

Facebook Group Prospecting Hubs

Join: *"Cold Email Masters"*, *"Agency Growth Secrets"*, *"SaaS Growth Hacks"*, *"Digital Agency Owners"*. Search group queries daily for: `"leads"`, `"scrape"`, `"email list"`, `"prospecting"`.

ACCOUNT SAFETY & ANTI-SHADOWBAN RULES (CRITICAL)

Strict Operating Limits: Never exceed 20 follows or 10 new outbound DMs per hour. Keep Month 1 daily actions conservative to thoroughly warm accounts. Always space activities across two distinct 25-minute sprints (Morning & Afternoon). **Rule: Never drop a link in Message #1.** Always provide value first and get consent before delivering tool links.

DAILY OPERATIONAL SYSTEM

Engagement Cadence, Content Matrix & Scripts

Structured daily quotas, 5-day multi-channel theme matrix, and non-salesy conversational DM frameworks.

6. Conversational DM Scripts (Zero-Spam Value Framework)

SCRIPT 1 — THE SOCIAL MEDIA AUTOMATION TEARDOWN (CREATORS & FOUNDERS)

Use when someone posts on X or LinkedIn about content creation bottlenecks:

> *"Hey [First Name], saw your thoughts on [topic/post]. Loved your take on scaling outbound. Quick question—are you guys finding B2B prospects mostly through manual LinkedIn search right now or do you use an automated database?"*

SCRIPT 2 — THE FACEBOOK GROUP / COMMUNITY VALUE CONNECTION (GROUP MEMBERS)

Use after leaving a helpful answer on their post inside a B2B or agency community:

> *"Hey [First Name], dropped a reply on your post in [Group Name] regarding list building. Didn't want to clutter the thread with tool recommendations, but we built a clean search workflow for that exact filter at getyourclientsb2b.com. Happy to send over a quick 2-minute walkthrough if you're exploring tools?"*

SCRIPT 3 — THE FREE SAMPLE LEAD MAGNET (DIRECT OUTBOUND TO AGENCIES)

Use for proactive outreach to digital marketing agency founders:

> *"Hey [First Name], great work on the recent case studies at [Agency Name]. I'm testing our new verified B2B prospecting tool (GetYourClients) and pulling 25 customized, verified leads for a few founders in your niche on the house. What industry or title are you looking to close this month?"*

SCRIPT 4 — THE PROGRAMMATIC SEO & KEYWORD TEARDOWN (SAAS FOUNDERS)

Use when founders discuss customer acquisition or scaling organic search:

> *"Hey [First Name], loved your product launch for [Product]. We recently built an engine that programmatically creates 500+ comparison and alternative landing pages targeting high-intent long-tail searches on Google. Happy to share our schema blueprint if you're looking to scale organic acquisition without ad spend?"*
